

Remarks/Arguments:

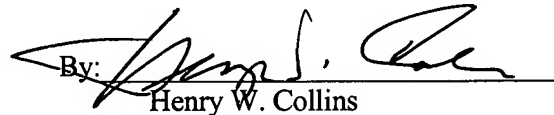

In response to the Official Action dated July 1, 2004, regarding the above-identified patent application, Applicants have by this Amendment submitted a Terminal Disclaimer for the purpose of overcoming a provisional double patenting rejection of Claims 1 through 8.

All of the claims in this patent application, i.e., Claims 1 through 8, have been indicated as being allowable subject to the filing of a terminal disclaimer based upon commonly assigned U.S. Patents No. 6,673,106. It is believed that with the filing of the attached Terminal Disclaimer this application is now in condition for allowance.

Applicants have by this Amendment amended the Abstract of the disclosure as requested by the Examiner.

Accordingly, a Notice of Allowance is respectfully requested.

Respectfully submitted,

By:
